MINDREADER™ PLATFORM

A BC Chamber Insight Community

Thank you for participating in the most recent edition of our COVID Impact Survey.

Here's what you told us:

- Impacts on businesses from the COVID-19 pandemic are similar to those reported in previous pulse checks. The most common impact continues to be decreased sales volume, reported by 72% of businesses.
- 51% (higher proportion than in the past) reporting increasing operating costs, likely due to costs associated with new restrictions.
- 62% of businesses report that their revenue has decreased by over 25% since the pandemic began.
- 22% of businesses report that they expect to operate for 6 months or less given current restrictions, support measures, and operating costs.
- Businesses report that top factors limiting their ability to increase sales or production include:
 - Insufficient domestic demand (50%)
 - Shortage of working capital (25%)
 - Insufficient foreign demand (24%)

How will we use your feedback?

This COVID Impact Survey will continue to shape our engagement and advocacy during recovery. The previous COVID pulse check was picked up by Canadian Press, gained extensive media coverage, and helped extend the temporary layoff extension.
