About the Comox Valley Chamber of Commerce

The Comox Valley Chamber of Commerce is a professional, membership-based business organization representing and supporting the local business community.

Guided by our 2025–2028 Strategic Plan, we focus on strengthening the economic environment of the Comox Valley through advocacy, education, and meaningful connection. We serve as a unified voice for business at all levels of government, promote a thriving and resilient local economy, and foster collaboration across sectors.

The Chamber Business Hub was created as an extension of this mission – a professional space designed to support the evolving needs of our business community. From remote professionals and visiting teams to organizations requiring closed-door meetings or training space, the Hub exists to provide accessible, high-quality facilities that help local enterprise succeed.

As a certified BC Green Business, we are committed to responsible and sustainable operations, reflecting our belief that strong businesses and strong communities go hand in hand.
